Dear Sirs,

CORE STRATEGY

Attached herewith are Englishcombe Parish Council's response forms in respect of the Core Strategy Document of 2nd December 2010.

In submitting these responses the Parish Council would like to express their appreciation for the work done by the Planning Policy Team in producing a document which, despite being very detailed and comprehensive, has been easy to work with, clear and concise. The recent workshop in Keynsham and the detailing of the thinking behind the Strategy was also appreciated and very helpful

Particularly pleasing to us has been the way in which the responses of Parish Councils and others to the Draft Core Strategy in 2010 appear to have been taken into consideration in arriving at this document.

Throughout the Core Strategy reference is made to the importance of The Placemaking Plan, which this Parish Council fully supports. We would like to see this moved forward as a matter of urgency.

We look forward to continuing to work with you in achieving the aims and objectives of the Core Strategy.

Yours faithfully,

Brian Huggett
